The Republican Party of Guam issues the following statement on the passing of Former Speaker of the Guam Legislature Mark Forbes:

"The Republican Party of Guam is saddened today on the news of the passing of our friend and Former Speaker Mark Forbes. A public servant and mentor to many elected and appointed Guam public officials, Speaker Forbes led a movement that personified the current effort of common-sense governance with an eye on protecting the great culture of our island society in Micronesia.

A brilliant political strategist and communicator, the work of Speaker Forbes left an indelible mark at every level of the Government of Guam.

Also, Speaker Forbes had actively assisted with many elections over the past four decades-his home was ground zero for the Sinajana District efforts to elect Republicans up and down the ballot.

Our condolences to his wife Cina, their son Sean, his brother Pale Eric Forbes and the rest of his family."
